Maintenance and Repair

Phones Plus can provide exactly the right repair and maintenance plan for your business phone systems. If you have a system not listed on these pages, don't bet that we can't fix it. With over 20 years experience in the telecommunications industry, Phones Plus is ready to provide you with the best possible service.

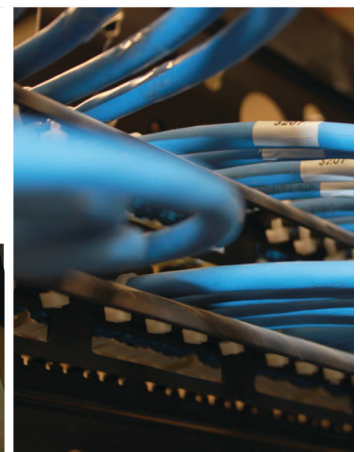

Emergency service and Saturday/Sunday service provided upon request. All calls are answered 24 hours a day, 7 days a week.

Advancing technology has given you too many choices. The possibilities are endless, and that can be a problem. Contact Phones Plus today. We make it simple. We understand the problems you face every day:

- Too many costly phone lines, but no one knows which ones are really needed.
- Your business is expanding and new offices must be wired and integrated seamlessly with the old.
- Your company is downsizing and you can't afford to lose customers in the switch to smaller and more efficient business phone system.
- Your voicemail boxes are so difficult to use your company is losing calls.
- Inefficiently used lines dedicated to faxes and computer modems are costing you money.
- Customer service reps complain of badly distributed calls, missed calls, and neck strain from being on the phone all day.
